# To Our Many Good Friends

Again the fall season is approaching and we hope you will examine this small list carefully. We hope that because of past experiences with us you will have perfect confidence in us and that we may again serve you to the best of our ability.

We have been in business here at Bridgman on the same farm for more than fifty years, and we have sold stock to many concerns each year for more than fifty years. According to our records and memory we have never booked an order that we did not fill in full. We shall continue to do the best we can.

We wish to thank our many customers and others who may examine this list, and for the many favors shown us, that helped make it possible for our business to be successful. Please accept our best wishes to you, with the hope that you will enjoy a pleasant and prosperous season.

Yours Sincerely,
